

Lesson 11 Additional Activity

Exploring

Follow the Leader Game

- So that the children understand the role of a leader, play “Follow the Leader” with them.
- Be the leader in the first game. Then, depending on how the children respond, additional games may be played as long as the chosen leader is dependable and safe.
- After playing, discuss with the children the importance of a leader. Remind them that a leader must do the right thing so that he/she does not lead others to do the wrong thing.
