

# Lesson 25 Additional Activity

## Materials

### Hand Lilies

- white construction paper
- green construction paper
- pencils
- tape
- safety scissors
- straws (green, if possible)
- yellow pipe cleaners
- glue

### Before the Lesson:

- Cut 2" leaf shapes from green construction paper and set aside. Gather the remaining items.

## Exploring

### Hand Lilies

- Ask the children to trace their hand shape on white paper, and then have them cut it out with safety scissors.
- Help the children tape their hand shape to the tip of a green straw.
- Tape the 2" leaves to the middle-to-bottom sides of the green straw.
- Use a pencil to curl the petals (fingers).
- Fold a yellow pipe cleaner in half, slip into the tip of the straw, and secure with white glue.
