

# Lesson 13 Additional Activity

## Materials

### Baby Jesus Sock Doll

- Permanent markers
- Fiberfill stuffing

For each child:

- Small child or toddler size sock
- 1"-2" Styrofoam™ ball

**Before the lesson:** Cut 10" triangles of light colored flannel to make the baby blanket, and cut 5" pieces of white yarn (2 pieces per child).

## Exploring

### Baby Jesus Sock Doll

- Remind the children that Jesus came into this world as a baby, just like you and me.
- Give each child a sock and Styrofoam™ ball. Instruct the children to place the ball in the toe of the sock.
- Help the children to gather the sock under the ball and tie with white yarn.
- Instruct the children to stuff the rest of the sock with fiberfill, leaving the bottom 2"-3" of the sock free of stuffing.
- Help the children to gather the bottom of the sock together and tie off with white yarn.
- Children can then wrap the flannel triangles like blankets around their Baby Jesus dolls.
