

Lesson 24 Additional Activity

Materials

Finding Jesus

- ❑ Three plastic, colored egg halves
- ❑ Small picture of Jesus (small enough to fit inside an egg half)

Exploring

Finding Jesus

- Gather the children on the floor near you. Place three plastic, colored egg halves in front of you.
- In sight of the children, place the picture of Jesus under one of the eggs.
- Slide the eggs around, changing their positions, without lifting the eggs from the floor.
- Ask the children, “Which one is Jesus under?” Invite a child to choose one egg half to turn over. Continue until the children discover which half has Jesus under it. The first few times playing, the children may need some help deciding which egg Jesus is under.
- Play until the children tire of the game. While playing, share with the children that Jesus gives us new life and that in the spring we discover new life all around us.
