

Lesson 12 Additional Activities

Materials

1. My Family Holy Water Font

- Crayola® Model Magic® in white or other colors, enough for each child to roll out a 6"-8" circle
- rolling pins
- faux gemstones available from the craft store
- white glue
- tempera paint (optional)

For each child:

- small baby food jar, empty and washed
- small bottle of Holy Water

2. Saint Joseph's Workshop

- several pieces 2"-3" thick Styrofoam®
- burlap to cover the Styrofoam®
- plastic hammers
- duct tape
- hot glue
- golf tees

Before the lesson: Wrap the Styrofoam® in burlap and glue it in place with hot glue. Secure the seams with duck tape so that the burlap can withstand the hammering.

Exploring

1. My Family Holy Water Font

- With a rolling pin, show the children how to flatten the Model Magic® into a 6"-8" circle.
- Help each child to place the empty baby food jar in the center of the circle and wrap the Model Magic® around the jar, covering the outside of the jar.
- Have the children paint the jar or decorate it by gluing gemstones in the Model Magic® before it dries.
- Send the font/bowl home with a bottle of Holy Water.

2. Saint Joseph's Workshop

- Provide plastic hammers and golf tees for the children so that they can hammer like Saint Joseph.

Teaching Tip: This activity is excellent for motor skills and eye-hand coordination.
